## HER VOICE: An Exhibition in Honor of Gretchen Berggruen

November 10 – December 23, 2022

I am honored to present this exhibition, *Her Voice*, in honor of my late wife, Gretchen Berggruen. Co-owner of Berggruen Gallery, Gretchen was the heart and soul of the gallery. This group show features more than thirty artists, all of whom Gretchen championed, worked closely alongside, and deeply admired. This exhibition reflects Gretchen's vision and her great passion in life. Those who had the pleasure to have known her know the deep level of care and attention with which she always acted. Her expertise, drive, kindness, patience, and perseverance drove the gallery to be what it is today. Gretchen was my partner and our leader, and I am proud to present *Her Voice*, celebrating her life and all that she built. – John Berggruen
