FOR IMMEDIATE RELEASE

California Gold
June 20th – July 25th, 2024

Berggruen Gallery is pleased to present our summer invitational, *California Gold*, an exhibition that celebrates Californian history, iconography, and culture. The show will be on view from June 20 through July 25, 2024. The gallery will host a reception for the artists on Thursday, June 20, from 5 to 7 pm.

California Gold invites artists with ties to California to engage with the Golden State, expressing a diverse set of viewpoints and relationships. From the Gold Rush to Hollywood opulence to tech booms and busts, *California Gold* speaks to the state's status as a cultural center for the United States and beyond, with its rich landscapes entrenched in influential history. The show pays special homage to the contemporary renaissance of San Francisco's post-pandemic art scene, celebrating the city as a site of artistic optimism and renewal.
